### **Personal Goal**

My educational goal is to pursue a degree in Computer Science. My future career objective is to work in the technology field in software engineering, programming, technical support or network management. I aspire to gain knowledge and experience in the technology field to further both my education, and my future career options. I currently work as a Front End Coordinator for Wegman's Food Markets, and have gained exceptional experience in management and customer interactions.

### **Work History**

- Wegman's Food Markets, 05/2014 - Present
- Accessium Group (Internship), 11/2015 - 12/2015

### **Volunteer/Community Service Activities**
